This definitive record sets out the essential features and characteristics of the BA (Hons) Graphic Design course. The information provided is accurate for students entering level 4 in the 2018-19 academic year.  

Course Summary  
The BA (Hons) Graphic Design degree enables students to develop practical, creative and intellectual skills underpinned by theoretical and conceptual approaches to design. Delivered in a professional environment, utilising traditional and contemporary media, students produce inventive, high quality, and vocationally relevant work.  

Employability is at the heart of the Graphic Design course at the University of Suffolk. As well as learning how to be creative and critical thinkers while also developing a broad range of practical skills, contemporary professional practice prepares students for their future careers. Transferable knowledge and skills are embedded throughout the teaching and learning experience, further enabling students to become enterprising and employable graduates.

Course Aims

- To provide a flexible, stimulating and challenging learning experience that accommodates diverse vocational and academic backgrounds, and prepares students for their future careers
- To maintain and nurture a commitment to the intellectual and personal development of the individual students as a basis for a lifetime of experience and learning
- To provide an educational framework that promotes the development of broad professional Graphic Design awareness and ability, with transferable skills
- To promote the cultural and vocational relevance of the course and enable links with practitioners, professional organizations, the creative industries and the community in general
- To assist and encourage the student in the development of a mature and self-motivated attitude in creating and producing original solutions with a diverse, explorative range of approaches and methods

Course Learning Outcomes

The following statements define what students graduating from the BA (Hons) Graphic Design course will have been judged to have demonstrated in order to achieve the award. These statements, known as learning outcomes, have been formally approved as aligned with the generic qualification descriptor for level 6 awards as set out by the UK Quality Assurance Agency (QAA).  

Subject specific knowledge, understanding and skills

1. select, use and apply traditional and digital media appropriately within set assignments and tasks
2. generate ideas, concepts, proposals, solutions or arguments in response to set briefs
3. understand the potential professional context for their work
4. analyse and critique their work and the work of others
5. understand the historical and contemporary context of Graphic Design
6. adopt a creative and inventive approach to the use of a range of media, technologies and processes, with appropriate competence
7. apply, consolidate and extend their learning in different contextual frameworks and situations, both within and beyond the field of art & design, employing appropriate skills and technology in a range of design situations
8. demonstrate through creative practice an understanding of Graphic Design problem-solving, expressed in the effective analysis, conceptualisation and expression of proposals for solutions to a broad range of practical problems encountered in contemporary practice

As set out in the QAA Frameworks for Higher Education Qualifications of UK Degree-Awarding Bodies (2014)
University of Suffolk

DEFINITIVE COURSE RECORD

9. develop appropriate self-confidence and direction in their work through a range of crafting processes

10. contextualise awareness of potential professional situations of their work and place within contemporary Graphic Design practice

11. begin to form a coherent personal working philosophy and value system based on an understanding of the social, economic, technological and historical determinants of their work and that of others

12. explore and apply critical perspectives that inform the design process

13. articulate and synthesise their knowledge and understanding, attributes and skills in effective ways in the contexts of creative practice, employment, further study and research

14. generate a diverse range of ideas, concepts, proposals, solutions or arguments independently and/or collaboratively in response to set briefs and/or as self-initiated activity

15. adopt a substantive critical and analytical approach to research material in relation to the practical and theoretical contexts of Graphic Design

Generic and graduate skills

16. Study independently, set goals, manage their own workloads and meet deadlines

17. anticipate and accommodate change and work within contexts of ambiguity, uncertainty and unfamiliarity

18. analyse information and experiences, formulate independent judgements, and articulate reasoned arguments through reflection, review and evaluation

19. formulate reasoned responses to the critical judgements of others

20. identify personal strengths and needs

21. interact effectively with others, for example through collaboration, collective endeavour and negotiation

22. articulate ideas and information comprehensibly in visual, oral and/or written forms

23. present ideas and work to audiences in a range of situations

24. source, navigate, select, retrieve, evaluate, manipulate and manage information from a variety of sources

25. select and employ communication and information technologies

DEFINITIVE COURSE RECORD

Course Delivery
The course is delivered at Ipswich. Students studying full-time on BA (Hons) Graphic Design are likely to have approximately 12 contact hours per week for level 4, 12 contact hours per week for level 5 and 12 contact hours per week for level 6. The contact hours will be a mix of lectures, seminars, practical activities, tutorials and workshops. Students will normally be expected to undertake at least the same number of contact hours in independent study in an average week, but should be prepared for this to vary based on assignment deadlines and class exercises.

Course Assessment
A variety of assessments will be used on the course to enable students to experience and adapt to different assessment styles. The assessment methods used will be appropriate to assess each module’s intended learning outcomes. Assessment on the course overall will be comprised of 100% coursework (including practical assessments, essays, reports, presentations, group work, reflective learning journals and research projects).

Course Team
The academic staff delivering this course are drawn from a team that includes teaching specialists and current practitioners. All staff are qualified in their subjects with their own specialist knowledge to contribute.

Course Costs
Students undertaking BA (Hons) Graphic Design will be charged tuition fees as detailed below:

<table>
<thead>
<tr>
<th>Student Group</th>
<th>Tuition Fees</th>

<tbody>
<tr>
<td>Full-time UK/EU</td>
<td>£9,250 per year</td>

<td>£13,000 per year</td>
</tr>
<tr>
<td>Part-time International</td>
<td>£2,165 per 20 credit module</td>
</tr>
</tbody>
</table>

Payment of tuition fees is due at the time of enrolment and is managed in accordance with the Tuition Fee Policy.

Students are likely to incur other costs.

- Course trips can be run 2 or 3 times every year at each level. While these are sometimes module specific, they are optional. Costs usually range from between £20-50, depending on mode of transport and destination;

- The course sometimes runs an international trip that is optional. The cost of such trips is dependent on location, travel details, length of trip and accommodation;

- Students are expected to design their dissertation document. The cost can range from general printing and binding costs of £10-£20, or more bespoke online printing services such as Blurb.com, for approximately £30-£50;

- Specialist materials will need to be bought, such as papers, layout pads, inks, drawing equipment, etc. On average, costs per module should range between £50-£100, however, this may rise to between £100-£200 for practical modules late in Level 5 and at Level 6 as students need to print professional standard prints for their portfolios, and produce realistic dummies and prototypes of 3D design work for display purposes and USB memory sticks to save module books to;
There is an optional Work Based Learning module in Level 5, which students negotiate to do as a replacement for another module. Students have to fund their own transport to this placement;

There is an expectation that Level 6 students fund their Degree Show, although they often take on fundraising activities throughout the year to help with this. A final year student should budget approximately £100 for this, but often it is much less than this;

It is advised students invest in a portable hard-drive to back-up all their digital work. Approximate cost £50
