Procedure for the election of members to Senate

- 1) Elections to Senate membership will take place in two sequential stages:
 - i) School-level elections to determine the academic representative from each School (centrally coordinated on a single university-wide election date)
 - ii) An open election to determine the remaining university-wide academic representatives (who can be from any School within the university)
- 2) Elections will be held annually (or as frequently as required depending on rotation of elected members) on dates during Semester 2 to be determined by the Academic Registrar, who will act as the Returning Officer. The election of School academic representatives will take place at least four weeks before the open election for university-wide positions, so that any nominees who are unsuccessful at being elected as a School representative can stand for election as a university-wide academic representative. Elections to fill one or more vacancies arising during an academic year will normally be scheduled to take place within one semester of the vacancy or vacancies arising.

Election of School academic representatives

- 3) All members of the academic staff group (including academic managers) within each School appointed to full-time or fractional posts on either a permanent or fixed term contract are entitled to vote in the election of their School representative, subject to them being in post on the date of the opening of the nomination period.
- 4) Only members of the academic staff group (including academic managers not already in ex officio membership of Senate) within that School appointed to full-time or fractional posts on a permanent contract are entitled to stand for election and be elected to the Senate as a School academic representative.

- 5) Not less than four weeks before the date of an election, the Academic Registrar will invite all members of academic staff entitled to vote in the election within each School to submit nominations of persons within the School eligible to stand for election. Nominations must be submitted on a prescribed form which must be signed by not less than two electors (nominees cannot be one of their own electors). The form must include a statement signed by the nominee that they are willing to accept office for the prescribed period and adhere to the duties of Senate members. An elector may support more than one nomination.
- 6) Nominations must be submitted to the Academic Registrar not less than two weeks before the election date.
- 7) If only one nomination is received within a School, the nominee will automatically be elected. If more than one person is nominated within each School, there will be an election with voting via anonymous ballot. The ballot paper will indicate the post held by each candidate and a personal statement written by each candidate (not exceeding 400 words in length) in support of their nomination. The ballot paper will indicate the name of the School and the deadline for receipt of completed ballot papers (which must be at least one week from the date of issue).
- 8) To vote, eligible members of academic staff with each School must place a cross against the name of their preferred candidate.
- 9) Completed ballot papers must be submitted to the Academic Registrar (or his or her deputy acting as Returning Officer) by midday on the day of election. Ballot papers submitted after the deadline will be void.
- 10) The candidate with the highest number of votes will be declared elected as the School representative. In the event of a tie and if no candidate wishes to concede, the decision will be made by drawing lots.
- 11) All members of the electorate within each School will be notified of the outcome of the election, including the number of votes cast for each candidate.
