Students who leave the course early may be eligible for a DipHE Business Management on successful completion of 240 credits including all mandatory modules at levels 4 and 5, or a CertHE Business Management on successful completion of 120 credits including all mandatory modules at level 4.

### Course Delivery, Assessment and COVID-19

Our guiding principles for delivery during the 2020-21 academic year will be based around a rich blended learning environment, which will include some online delivery of lectures as well as face to face delivery of seminars, lab work and tutorials as applicable. Where possible assessment will be undertaken as planned and where this is not possible, e.g. on-site examinations, an equivalent assessment will be made available to students. We do not intend to have a fully online academic year for any of our students.

Our campus will be safe and welcoming for new and returning students, but we will observe – as all universities must – the government guidance in place at the time and so the delivery and assessment statements below are under continuous review as circumstances change.

### Course Delivery

The course is delivered at Ipswich. Students studying full-time on BA (Hons) Business Management are likely to have approximately 216 contact hours for level 4, 216 contact hours...
for level 5 and approximately 150 contact hours for level 6. The contact hours will be a mix of lecture, seminar, and practical activities. Full-time students will normally be expected to undertake 25-30 hours of independent study in an average week, but should be prepared for this to vary based on assignment deadlines and class exercises.

Students are responsible for finding and agreeing their own placement and study abroad host. The University will provide support with this and will advise and agree suitable placements.

Study abroad course delivery will be dependent on the requirements of the host institution. For a half year of study abroad, students will be expected to engage in 195 hours of independent study and 5 hours of tutorials and online support in order to complete the reflective account.

For a half year of professional practice, students are expected to engage in 545 hours of professional practice (including 15 weeks of supervised and relevant work experience), 5 hours of tutorials and online support and 50 hours of independent study.

**Course Assessment**
A variety of assessments will be used on the course to enable students to experience and adapt to different assessment styles. The assessment methods used will be appropriate to assess each module’s intended learning outcomes. Assessment on the course overall will be made up almost completely of coursework (including essays, reports, presentations, group work, reflective learning journals and research projects). Exams only feature on two of the optional modules.

**Course Team**
The academic staff delivering this course are drawn from a team that includes teaching specialists and current practitioners. All staff are qualified in their subjects with their own specialist knowledge to contribute.
