This definitive record sets out the essential features and characteristics of the BA (Hons) Design course. The information provided is accurate for students entering level 4 in the 2020-21 academic year.5

**Course Summary**

BA (Hons) Design is a skills based course providing an exciting opportunity to develop creative, technical and cognitive design skills. Theory and practice are inextricably linked. The ‘hands on’ approach integrating manual and digital processes and materials is delivered via a broad inter-disciplinary curriculum in four subject specialist areas: Ceramics, 3-Dimensional Design, Graphics and Textiles.

In the first year students study all subject specialist areas and identify opportunities for inter-disciplinary working. In the second year students follow an inter-disciplinary approach or may choose to work in one subject specialism. In the third year students define their own design focus.

The professional and transferable skills acquired throughout the course produce versatile and resourceful design practitioners with a sound knowledge and understanding in the key principles of design, decision making, project development and time management.

This unique course is delivered in small, friendly and supportive peer groups and there is a strong emphasis placed on providing pastoral support for our students.

Course Aims

- To enable the student to acquire the analytical, conceptual and practical skills necessary for the solving of design problems, and to relate and articulate those concepts and skills across all aspects of the programme

- To support a learning experience which will enable all students to recognise and work towards the fulfilment of individual potential through reflective enquiry both within and beyond the duration of the programme

- To foster in each individual a significant personal engagement with contemporary design practice based upon practical exploration, intellectual curiosity and reasoned critical judgements

- To develop in the student the personal qualities, professional attitudes and self-reliance essential for successful employment in design practice, post-graduate study or self-employment

Course Learning Outcomes

The following statements define what students graduating from the BA (Hons) Design course will have been judged to have demonstrated in order to achieve the award. These statements, known as learning outcomes, have been formally approved as aligned with the generic qualification descriptor for level 4/5/6 awards as set out by the UK Quality Assurance Agency (QAA).⁶

1. Define and critically evaluate design practice and its influence on culture and society through negotiated inquiry

2. Apply professional and independent working method to meet deadlines using communication and presentation skills

3. Apply entrepreneurial skills in the development of personal design practice

4. Exhibit and disseminate design solution for self-promotion purposes taking into consideration target audience

5. Take a responsible role in a creative team resolving any problems that may arise and exercising a variety of transferable skills

6. Utilise problem solving skills in the resolution of process, technical issues in the resolution of innovative and forward thinking design product

Awards
On successful completion of the course, students will be awarded a BA (Hons) Design. Students who leave the course early may be eligible for a DipHE Design on successful completion of 240 credits including all mandatory modules at levels 4 and 5, or a CertHE Design on successful completion of 120 credits including all mandatory modules at level 4.

Course Delivery
The course is delivered at the University of Suffolk at East Coast College (Lowestoft). Students studying full-time on BA (Hons) Design are likely to have approximately 360 contact hours for

Version 1.1 (17 February 2020)
level 4, 320 contact hours for level 5 and 175 contact hours for level 6. The contact hours will be a mix of lecture, seminar, individual studio tutorials and practical workshops. Students will also be encouraged to participate in 10 days of work placement during their level five studies. Students will be expected to find their own placement. Students will normally be expected to undertake 30 hours of independent study in an average week, but should be prepared for this to vary based on assignment deadlines and class exercises.

**Course Assessment**
A variety of assessments will be used on the course to enable students to experience and adapt to different assessment styles. The assessment methods used will be appropriate to assess each module’s intended learning outcomes. Assessment on the course overall will be 100% coursework (including essays, reports, presentations, group work, reflective learning blogs, portfolios and research projects).

**Course Team**
The academic staff delivering this course are drawn from a team that includes teaching specialists and current practitioners. All staff are qualified in their subjects with their own specialist knowledge to contribute.

**Course Costs**
Students undertaking BA (Hons) Design will be charged tuition fees as detailed below:
