Delivering Institution(s)	University of Suffolk
UCAS Code	Not Applicable

This definitive record sets out the essential features and characteristics of the BSc (Hons) in Mental Health Nursing. The information provided is accurate for students entering level 4 in the 2022-23 academic year⁵.

Course Summary

The purpose of the course is to prepare students for nursing practice that meets the professional requirements of a nurse to join the Mental Health Nursing register with the Nursing and Midwifery Council.

¹ For an explanation of the levels of higher education study, see the [QAA Frameworks for Higher Education Qualifications of UK Degree-Awarding Bodies \(2014\)](#)

² All academic credit awarded as a result of study at the University adheres to the [Higher education credit framework for England](#).

³ Where the course is delivered both full-time and part-time, the standard length of course is provided for the full-time mode of attendance only. The length of the part-time course is variable and dependent upon the intensity of study. Further information about mode of study and maximum registration periods can be found in the [Framework and Regulations for Undergraduate Awards](#).

⁴ Details of standard entry requirements can be found in the [Admissions Policy](#) and further details about Disclosure and Barring Checks (DBS) can be found on the [University's DBS webpage](#).

⁵ The University reserves the right to make changes to course content, structure, teaching and assessment as outlined in the [Admissions Policy](#).

DEFINITIVE COURSE RECORD

In order to meet the needs of a diverse population with mental health needs, students will develop contemporary knowledge and values and demonstrate these necessary skills when required to do so. In addition, students will see learning as a lifelong responsibility and be willing to demonstrate this learning as an evidence base in order to advocate for clients in their care and to take the profession forward.

Course Aims

In providing this course, the University and the course team aim to equip you to:

- Care for people to optimise their own health needs
- Deliver safe, compassionate and effective nursing care
- Inspire confidence in the profession
- Make decisions on complex care needs based on a sound evidence base

Course Learning Outcomes

The following statements define what students graduating from the BSc (Hons) Mental Health Nursing course will have been judged to have demonstrated in order to achieve the award. These statements, known as learning outcomes, have been formally approved as aligned with the generic qualification descriptor for level 6 awards as set out by the UK Quality Assurance Agency (QAA)⁶.

On successful completion of this course you will be able to:

1. Manage self and others in practice in accordance with the NMC Code (2018) and ethical, legal frameworks that ensures the primacy of service user interest, respecting wellbeing and human rights.
2. Lead the delivery of innovative, evidence-based practice within planned progressive and individualised care plans, which generates new understanding of the theoretical foundations of nursing care.
3. Deploy techniques of analysis and enquiry to nursing practice.
4. Appreciate uncertainty, ambiguity and limits of knowledge.
5. Show a critical appreciation of the principles of good governance in the management, leadership and development of care.
6. Demonstrate initiative and personal responsibility in your own personal and professional development.
7. Demonstrate a commitment to furthering the professional status of nursing.
8. Show a critical appreciation of the principles of good governance in the management, leadership and development of care.
9. Actively pursue a direction of personal, professional development that supports improvements in practice for self and other members of the interprofessional team
10. Achieve the NMC (2018) competencies for entry to the NMC register as a Mental Health Nurse.

Course Design

The design of the course has been, and will continue to be, determined through the close, collaborative working relationship between the University of Suffolk, Service Partners and Service Users. The purpose of the programme is to support the development of the student in order to meet the requirements for registration with the Nursing and Midwifery Council (NMC) as a Mental Health Nurse.

Nursing is a continually evolving profession, so a key part of this course is about developing the skills to adapt to new situations and ensure the student becomes a resilient practitioner. The course is divided into theoretical (50%) and practice components (50%). The practice learning and assessments takes place in a range of clinical placements.

⁶ As set out in the [QAA Frameworks for Higher Education Qualifications of UK Degree-Awarding Bodies \(2014\)](#) BSc (Hons) Mental Health Nursing [Degree Apprenticeship] (IDAMHH/IMHHDAP419)

DEFINITIVE COURSE RECORD

The curriculum has been designed to be able to respond to changing needs, developments, priorities and expectations in health, healthcare practice and education. It will ensure the student can appreciate the expectation that they will provide the highest quality care in whatever environment acknowledging the opportunities and challenges presented by change. Nursing has not always appreciated the leadership function of the newly qualified nurse. This curriculum will ensure students develop the skills and motivation required to assume this responsibility.

The design of this course has been guided by the following Professional Standards:
 NMC Standards framework for nursing and midwifery education 2018a
 NMC Standards for student supervision and assessment 2018b
 NMC Standards for pre-registration nursing programmes 2018c
 NMC Future nurse: Standards of proficiency for registered nurses 2018d

Course Structure

The BSc (Hons) Mental Health Nursing comprises modules at levels 4, 5 and 6.

Module Specifications for each of these modules is included within the course handbook, available to students on-line at the beginning of each academic year.

	Module	Credits	Module Type ⁷
Level 4 year one			
	Introduction to Professional Values for Mental Health Nurses	40	M
	Early Intervention to Optimise Mental Health and Wellbeing	20	M
	Creative Interventions in Mental Health to Support Person Centred Care	20	M
	Fundamental Biosciences and Physical Health Care for Mental Health Nurses	40	M
	Mental Health Nursing Practice: Part 1	0	M
Level 5 years two and three			
	Medication Management for Mental Health Nurses	20	M
	Research for Mental Health Nurses	20	M
	Service User Led Assessment, Care Planning and Recovery	40	M
	Core Psychological Approaches and Counselling Skills for Mental Health Nurses	40	M
	Mental Health Nursing Practice: Part 2	0	M
Level 6 year four			
	Leading and Managing Care in the Interprofessional Context	20	M

⁷ Modules are designated as either mandatory (M), requisite (R) or optional (O). For definitions, see the [Framework and Regulations for Undergraduate Awards](#)

DEFINITIVE COURSE RECORD

	Delivering Complex Care	40	M
	Dissertation	40	M
	Mental Health Nursing Practice: Part 3	0	M

Awards

On successful completion of the course, students will be awarded a BSc (Hons) Mental Health Nursing and will be eligible to register with the NMC as a Mental Health Nurse. Students who successfully complete 360 credits but do not pass the Mental Health Nursing Practice element may be eligible for a BSc (Hons) Health Studies award but will not be eligible to register with the NMC. Students who leave the course early may be eligible for a DipHE Health Studies on successful completion of 240 credits at levels 4 and 5, or a CertHE Health Studies on successful completion of 120 credits at level 4.

Course Delivery

The course is delivered at the University's Ipswich campus. Placements are provided across a range of settings in the Eastern Region. Students studying full-time on BSc (Hons) Mental Health Nursing are likely to have approximately 386 direct contact hours and 814 indirect contact hours for level 4, 300 contact hours and 900 indirect contact hours for level 5 and 250 contact hours and 950 indirect contact hours for level 6. The direct contact hours will be a mix of lectures, seminars, simulated skills sessions and students will also be required to participate in clinical placements involving 37.5 hours per week of allocated clinical time. Placements will be arranged by the University. Students will normally be expected to undertake independent study each week; this is dependent on module requirements.

Course Assessment

A variety of assessments will be used on the course to enable students to experience and adapt to different assessment styles. The assessment methods used will be appropriate to assess each module's intended learning outcomes. Assessment on the course overall will comprise of summative and formative coursework including essays, reports, presentations, group work and a dissertation; summative and formative examinations and ongoing assessments of clinical practice.

Special Features

On successful completion of the BSc (Hons) Mental Health Nursing (degree apprenticeship), students are eligible for membership with the Nursing and Midwifery Council (NMC)

End Point Assessment

All students on the course undertake an End Point Assessment (EPA) to complete their BSc (Hons) Mental Health Nursing [Degree Apprenticeship].

The End Point Assessment process will start once the employer and the University of Suffolk (as the NMC Approved Education Institution) are satisfied that the apprentice is consistently working at or above the level set out in the Registered Nurse apprenticeship standard and has achieved all requirements for EPA described in the standard. This process will usually begin on successful completion of all elements required for registration with the Nursing and Midwifery Council. The End Point Assessment will commence with presentation at the Pre-Registration Assessment Board and will be considered complete when the apprentice's course and personal details are uploaded to the NMC database and a declaration of the apprentice's good health and character is sent to the NMC.

Following successful completion of the EPA, students will be awarded their **BSc (Hons) Mental Health Nursing [Degree Apprenticeship]**.

DEFINITIVE COURSE RECORD

Course Team

The academic staff delivering this course are drawn from a team that includes teaching specialists and current practitioners. All staff are qualified in their subjects with their own specialist knowledge to contribute and are registered with the NMC.

Course Costs

Students undertaking BSc (Hons) Mental Health Nursing will not be charged tuition fees directly. Tuition fees will be agreed between the University and a student's employer. Students will be required to sign a commitment statement before starting their apprenticeship which will detail the student's, employer's, and University's expectations under the apprenticeship agreement.

Students are expected to pay their travels expenses to and from placement. Some Trusts may reimburse students' travel costs however it is up to students to liaise with their Trust in this matter.

Academic Framework and Regulations

This course is delivered according to the Framework and Regulations for Undergraduate Awards and other academic policies and procedures of the University and published on the [website](#).
